Dear Parents and Carers,

Thank you for your support with our **Children in Need** Mufti Day today. We have raised a wonderful £361.25 towards a very worthwhile cause. Please encourage your children to watch some of the events on BBC1 this evening to help make them aware of the projects and impact their money can have. Also, your food donations for our Harvest collection were all sent to two local food banks over half term, so once again thank you for your support with that.

For parents in RH, **Mr Hayfield** has been called for mandatory jury duty for two weeks starting on Monday 19th November (next week). Unfortunately, this is not something we can control. The class will be covered by Mrs Cotterill and Mr Varley for the two weeks – both have worked with us at Netherbrook before.

As part of our ongoing efforts to make our **safeguarding arrangements** securely outstanding we will be adapting the entrance to the front car park soon. We are awaiting line markings to be painted from the pedestrian gate to the front doors. Once this pedestrian footpath is complete we will be closing the front gates of the school throughout the day and the only access will be on foot through the pedestrian gate next to the car park entrance. In due course both the pedestrian and vehicular gates will have an entry/exit intercom fitted and will be fully automated, access to the entire site will be with permission only. Although we have never had an issue with safety on the front car park there is always the potential for this to occur and the safety and excellent safeguarding of our pupils is our main priority. There will also be a new disabled parking pay added to the car park in front of the main doors. Please bear with us whilst these changes are being made and please remember that they are designed to increase safety for visitors and our children. We apologise for any inconvenience this may cause.

Can I also please politely ask parents not to **smoke around the gates** to school on the public foot paths. We have a number of pupils with very bad asthma which can be specifically triggered by inhaling secondary cigarette smoke. Obviously, we can't enforce this rule as it is the public highway but it would be very much appreciated if parents could keep any smoking away from the main entrances around the site. Thank you.

Well Done!!! Another fantastic win for the football team - 5-0 against Saint Marys' Primary School 😊
