

Reminders

P.E

All children take part in P.E during the week. Please make sure that children have a full P.E kit in school every week. Can we remind you that children are not allowed to take part in P.E. if they cannot remove their own earrings.

Water Bottles

As the weather is getting warmer we would like to encourage the children to bring a water bottle to school. Please ensure that this contains **water** and has your child's name clearly written on it.

Fund

We collect a voluntary fund of 50p a week which we collect on a Monday morning, Fund money goes towards lots of extra activities such as cooking, crafts and topic related activities. Without this collection we will not be able to provide these extra activities for your child.

Toys

Please keep toys and figures at home. It is upsetting when children misplace items that are precious to them so we encourage the children to leave them at home, where they are safe. Occasionally a child may wish to bring in something special to share with their class and teacher such as a souvenir from a holiday. That is fine and we enjoy talking about these exciting experiences.

Other Information!

Parents as Partners

We would like to welcome your contribution as parents to your child's learning journey. Anything that your child does outside of school can be shared with us and put into your child's Learning Journey; this then allows us to build up a full picture of your child.

Dates for your diary

Thursday 3rd May –Voting Day School Closed

Tuesday 8th May—Sponsored Caterpillar Conga

Tuesday 22nd May: EYFS Sports Day

May Half Term:

Monday 28th May–Friday 1st June

Thursday 14th June: Pirate Dad's Day

Trip to Weston-Super-Mare

We have planned a trip to visit Weston-Super-Mare on Friday 6th July to support our seaside topic. If you cannot attend with your child you can give your permission for a family member or friend to accompany them on the trip. More infor-

If you have any questions please do not hesitate to ask.

Reception Summer Term 2018

Information for parents.

www.netherbrook.dudley.sch.uk

Introduction

Summer Term begins!

This term we will be learning about growing plants, minibeasts, animals and the seaside. We will be caring for caterpillars and tadpoles, watching them change into butterflies. The children will be learning to ask lots of questions, find out information and see how things change over time.

Forest School

Please send your child to school wearing their Forest School clothes on their Forest School day. Their school waterproofs should be in a labelled plastic bag. Children will also need to have their wellies in school at all times. Please make sure these are named as it is much easier for the children to be independent if they can find their own belongings.

Sponsored Caterpillar Conga!

The Caterpillar Conga Tuesday 8th May

Help EYFS raise money for new resources and outdoor equipment by sponsoring your child.

Children and staff will be making a huge conga line that will go through the school and around the playing field.

Literacy

This term in Literacy, we will be focusing on:

- Non-fiction books about minibeasts, growth and animals.
- Blending sounds in words to read simple sentences.
- Reading and writing tricky words by sight.
- Writing sentences using connectives.

You can help at home by:

- Sharing non-fiction books and using a contents page to gain information.
- Providing lots of opportunities for your child to read and write at home.

Reading Books

Please make sure book bags are in school **everyday**. All the children have their book changed during the week so it is important your child has their book and planner with them at all times. Please encourage your child to:

- Hold the book the correct way and turn the pages one at a time from the front to the back.
- Track the text and talk about what they have read.
- Talk about what happens in the story and make predictions about what might happen next.
- **Remember reading the same book time and time again allows your child to absorb story language, make predictions, retell a story and talk about their favourite part of the story.**

Maths

This term in Maths, we will be focusing on:

- Number
- Calculation
- Time -beginning to learn about clocks and o'clock times.
- Doubling and halving
- 3D shapes and their properties.
- Measuring and using comparative language.

You can help at home by:

- Talking about daily routines, what time you get up, go to bed etc.
- Exploring doubling and halving in everyday life e.g. sharing out sweets.
- Recognising and talking about everyday 3D shapes.
- Counting on and back from a given number to solve problems.
- Counting in steps of 2s, 5s and 10s.

Weather

As we are now into the Summer Term hopefully we will be experiencing some sunny Summer weather! Please can you send your child to school with a named cap/hat to wear when it is sunny and warm. We will be sending out a consent form for you to sign to allow staff to apply sun cream to your child in due course. Please make sure this is signed and returned.
