

Nethertots - Under the sea

<p>Our book focus will be: The Rainbow Fish – If you do not have the book here is the link for the story on YouTube https://www.youtube.com/watch?v=QFORvXhub28 The Snail and the Whale - https://www.youtube.com/watch?v=EmMnaSkeKqQ If you have BBCi Player you can watch the Snail and the Whale movie (its fantastic!)</p>	
<p>Our focus songs will be: - 'Down There Under the Sea' Once you have learnt the Makaton signs have a go at using them in the song.</p>	
<p>The following link is an episode of 'Something Special' https://www.youtube.com/watch?v=MXRyelbRgfQ</p>	
<p>Here are some great ways to stay active: Cosmic Kids – Squish the fish https://www.youtube.com/watch?v=LhYtcadR9nw Magic Door – https://www.youtube.com/watch?v=MQ6OeiBdNcU</p>	
<p>Please learn the Makaton signs for sea creatures https://www.youtube.com/watch?v=MuaVjCNUQ9A</p>	
<p>Have a go at making your own rainbow fish. Celery is a great for printing. What colours are will you use? How many scales will you give your fish? Maybe you could use your fingers to print too.</p>	
<p>Make your own octopus using your hands to print it or maybe you can make different sizes and use an adult's hand too. Who has the biggest hand? Can you group the octopus's so that all the big ones are together, and all the small ones are together? Try to use different colours or maybe you could mix colours together to see what other colours you can make. You could use cheerios to decorate the tentacles. Bubble wrap is also great to print with and would make a great effect on the tentacles too</p>	
<p>Make your own beach picture, you could use some sand to make a beach on your picture. Can you describe what the sand feels like? Using both hands you can make a crab, see if you can give it some eyes and claws.</p>	

Cupcake cases are great to use to make fish. To make the body flatten them out and stick it down. With some adult support to make the tail and stick it down. There are some lovely patterns on cupcake cases and lots of different sizes. You could make a family of fish.

Over the next 2 weeks I would like you to make your own small world 'Under the Sea' Have a look in the recycling for some egg cartons so that you can make some sea creatures. Below are some of the sea creatures that you can make. You could even use a whole egg carton to make you own aquarium. What other sea creatures could you make? You could make some coral and seaweed for your sea creatures to live and hide in. If you have some sand and blue material, you could make the beach and sea too. We would love to see what you have created!

We all love an ice cream to cool down in the hot weather. Have a go at making your own ice lolly. To do this you will need to freeze some squash or yoghurts don't forget to add a lollipop stick in before potting them in the freezer!

Have a go at decorating your own Ice lolly. Will you make it the same shape as your favourite ice cream? what will you use to decorate it?
